Homeschool Diploma

Given at _____ this _____ day of _____, 20____

About this template

The preceding page is a fill-in homeschool diploma at the standard 8.5 by 11 inch landscape size. The conventional diploma wording is already printed, so each blank explains itself: print it, write in your details, and sign. It carries no branding or instructions, so what you print is a clean diploma.

It is a fill-in form, not a finished diploma. Printed at home on ordinary paper and completed by hand, it will look like what it is — useful for planning the wording, for a ceremony stand-in, or for a draft you proofread before committing to the good stock.

FILLING IN THE TEMPLATE, TOP TO BOTTOM

1. Top line: your homeschool / program name, as the issuing school.
2. Below “This certifies that”: the graduate’s full legal name, spelled exactly as on the transcript.
3. “Given at” line: the place of issue (program, city, or state), then the day, month, and year. The date must match the transcript graduation date.
4. Bottom lines: signatures in ink, with each signer’s title on the shorter line beneath. Common pairings are Administrator & Instructor or Father & Mother. A gold foil seal can be affixed between them.

WHAT THE DIPLOMA DESIGNER ADDS THAT A BLANK FORM CANNOT

- **A live preview** — the finished diploma updates as you type, so nothing is a surprise at print time.
- **Style and seal choices** — a set of traditional layouts with the conventional wording already typeset, and a choice of seal designs.
- **Heavyweight parchment** — printed on heavy parchment stock at the standard size, not on copier paper.
- **A real gold embossed seal** — physically embossed foil, not a seal printed flat as part of the artwork.
- **Printed and shipped** — the finished diploma is produced and mailed to you, with free U.S. shipping.
- **A digital copy included** — a high-resolution file to keep alongside the printed diploma.

HS Diplomas is a printing company, not a school, school district, or accreditation body. A homeschool diploma is issued by your homeschool program based on the information you provide, and it is the parent or guardian's responsibility to ensure their program meets applicable state and local education law.
